

A HIGHER face grade for a SUPERIOR surface.

With a top-quality surface and high strength to weight ratios, T-PLY Pro Premium Select is ideal for painted and overlaid industrial applications. It provides a smooth, solid repaired face and is certified to CSA 0121 standards by the APA so you know you're getting the best panel by panel, lift by lift and order by order.

Applications

T-PLY Pro Premium Select is well suited for use as a substrate for both high and low pressure laminates, appearance grade liners, and soffit stock. The consistency and quality across each panel allows users to cut them into precise components which can be sold at retail stores as an alternative to regular sanded grades.

- ✓ **All Canadian:** T-PLY products are 100% made in Canada with Canadian fibre.
- ✓ **Full Sand Face:** Available on both sides, the full sand face has a fine grit suitable for painting and laminating.
- ✓ **Solid Face:** This solid face has small voids filled with a solvent free latex-based putty.
- ✓ **High Strength to Weight Ratio:** This panel has a high strength to weight ratio so you can be confident with the panel without adding extra weight to the project.
- ✓ **Exterior waterproof glue:** The exterior waterproof glue gives users the flexibility to work in any weather conditions without sacrificing the quality of the panels.
- ✓ **Inner Plies:** An improved core veneer grade allowing for fewer and smaller defects to provide greater strength and improved fastener holding.

Available Panels

Thicknesses	9.5 mm
	12.5 mm
	15.5 mm
	18.5 mm
Sizes Available	1220 mm x 2440 mm (4' x 8')
	1220 mm x 1220 mm (4' x 4')
	660 mm x 2400 mm (2' x 8')
	330 mm x 2440 mm (1' x 8')

- ✓ **APA Certified:** T-PLY products are structurally certified to CSA 0121 plywood standards.
- ✓ **Low Formaldehyde N.A.U.F.:** Less than 0.01 ppm using ASTM large chamber method.
