

# Tolko Flat Grain Clears

Tolko's Flat Grain Clear lumber comes from our generous Western Canadian forests where the mild temperatures nurture strong, healthy trees season by season.

## Flawless Elegance

Flat Grain Clears have the natural elegance found in large, healthy, Canadian timber. The clear surface of this softwood lumber is ideal for decorative structures and finishings where high visual quality is key.

## Complete Suite of Products

Tolko offers a complete suite of sizes and lengths in Douglas-fir, Larch, and SPF.

DOUGLAS-FIR FLAT GRAIN CLEARS			LARCH FLAT GRAIN CLEARS			SPF #3 WANE FLAT GRAIN CLEARS

## Customer Commitment

Around the world, we are recognized for being customer oriented and results focused. We pride ourselves on providing top customer service based on strong relationships and industry knowledge. We deliver on our promises and continually search for new opportunities to develop strong partnerships.

Our free [Tolko Product Guide](#) app is available for download. Set yourself up for success by finding the best Tolko lumber, plywood, OSB, and EWP products for each application.

Tolko is a Canadian family-owned company with over 60 years of experience producing quality wood products used around the world. At Tolko, we know

quality begins in the roots of our trees and extends to our customer service.

We are grateful for our abundant forests and are proud to offer top-quality products to the world's markets.

## GREEN BUILDING STANDARDS

All Tolko products meet international Green Building standards, including LEED and Green Globes.

Tolko products earn the certified wood credit under these standards through our Sustainable Forest Management (SFM) certification, Sustainable Forestry Initiative® (SFI) which fully qualifies under the LEED standard via the LEED Alternative Compliance Path process. In addition, our panel products qualify for incremental LEED credits under the low emitting materials requirements.
