

# VALUE from the ground up.

Who says you can't have it all? With Tolko T-Ply Subfloor, you get our most economical plywood subfloor. Quality-certified plywood backed by Tolko. The name builders have trusted for more than 50 years.

- **Top performance:** Customer-approved. Tolko T-Ply T&G Subfloor is among the market's top performing standard flooring panels. Produced and certified according to CSA O121 or CSA O151 standards. Quality-assured by a third-party grading agency.
- **Versatile and durable:** Ideal for repair and remodeling, residential and commercial construction.
- **Trouble-free installation:** Industry-standard tongue-and-groove profile creates a ridge-free surface, speeds installation and prevents buckling. Ensure a high quality finished floor; use Tolko underlayment and follow detailed storage, handling and installation instructions available at [www.tolko.com](http://www.tolko.com).
- **Improved packaging:** New tear-resistant woven-poly bag protects against moisture and contaminants during shipping. Additional impact-protection strips protect tongue-and-groove edges.
- **Warranted:** Backed by a transferable, 25-year limited warranty. Details at [www.tolko.com](http://www.tolko.com).

## OUTPERFORMS STANDARD OSB SUBFLOORING

### WEIGHT (kN/m<sup>3</sup>)

STANDARD OSB SUBFLOORING +42% HEAVIER THAN CANADIAN PLYWOOD

CANADIAN PLYWOOD

With its weight advantage vs. standard OSB subfloor, Tolko T-Ply Subfloor is easy to handle and less expensive to ship.

### THICKNESS SWELL (% original panel thickness)

STANDARD OSB SUBFLOOR

CANADIAN PLYWOOD

Swell-resistant Tolko T-Ply Subfloor helps builders avoid the callbacks associated with ridging at the panel edges when exposed to moisture.

Our free [Tolko Product Guide](#) app is available for download. Set yourself up for success by finding the best Tolko lumber, plywood, OSB, and EWP products for each application.

# MADE TO PERFORM.

When you want a smoother face structural grade panel, try Tolko T-Ply Pro T&G Subfloor. It's strong and stable. You'll get all of the benefits of standard T-Ply subfloor in a higher-grade select panel:

- A touch-sanded, select grade face veneer. Ideal below carpeting or exterior vinyl decking.
- Improved tear-resistant packaging and impact resistant strips protect tongue-and-groove.
- Quick, trouble-free installation with industry-standard tongue-and-groove profile.
- Transferable, 25-year limited warranty. Details online at [www.tolko.com](http://www.tolko.com).

- All products available in U.S. Product Standard PS 1-09

## BUILD GREEN WITH TOLKO

- **Environmentally responsible:** Plywood is manufactured from logs averaging 25cm (10 inches) in diameter from managed, sustainable forests. One hundred percent of the log is used for veneer or chips for pulp and paper, and the bark is used for energy generation. Nothing is wasted.
- **New homes:** Use Tolko T-Ply products in new home construction. You could be eligible for credit under popular green building programs.
- **Indoor air quality:** Manufactured with no added urea-formaldehyde (NAUF), exterior-grade adhesives.
