

T-STRAND™ OSB RESIDENTIAL AND COMMERCIAL FLOORING

At Tolko, we've built our reputation on quality products, customer commitment and an unwavering integrity in all that we do. We focus on making it easy for our customers to do business with us, providing product quality and consistency and delivering the goods on time, every time.

Tolko T-STRAND™ OSB T&G Subfloor

Tolko offers a comprehensive line of OSB Products that are engineered to offer superior consistency, durability and strength, that you can count on to be available when and where you need them.

Our Tolko T- STRAND™ OSB T&G Subfloor is produced in standard and enhanced performance panels so you have a choice for the variables of the job and the elements: **Tolko T-STRAND™ OSB T&G Subfloor** and **Tolko T-STRAND™ OSB Pro T&G Subfloor**. Each of these panel products can lay claim to the following:

- Manufactured to exacting specifications from renewable, recyclable and biodegradable forest resources
- Uses Canadian Aspen wood fiber to produce superior OSB products that are lighter, more durable, and produced to industry standards, meeting customer expectations
- Certified by APA-The Engineered Wood Association
- Backed by industry-standard limited warranties
- Available with optional zinc borate treatment
- Competitively priced offering unbeatable value

Tolko T-STRAND™ OSB T&G Subfloor products provide a proven solution for residential and light commercial builders and industrial users. We know you have a choice. We trust our panels to support your needs and stand up to rigorous building conditions. We are proud to offer you our Tolko T-STRAND™ OSB T&G Subfloor products. They are tough. They are tested. They are Tolko.

TOLKO T-STRAND™ OSB T&G SUBFLOOR

25-year limited warranty: transferable against delamination

Smooth, even surface: skip-sanded or unsanded, screened face panels

Moisture-resistant edge sealant: blue edge seal protects from moisture penetration

Optional zinc borate treatment: protect against fungal decay and termites

Packaging: shipped with a cardboard side cover to protect T&G edges

Indoor air quality: contains no added urea-formaldehyde resin (NAUF)

TOLKO T-STRAND™ PRO OSB T&G SUBFLOOR

50-year limited warranty: transferable against delamination, with a no-nonsense, 365-day no-sand guarantee

Better performance: less swell than standard grade

No-slip surface: manufactured with exacting tolerances, a no-slip face and greater water repellency

Packaging: protected with a cardboard side cover to protect T&G edges and a top-line improved appearance with woven poly bags providing shroud protection on the job site

Installed face up: packaged face up so installers no longer have to flip panels, making them easier to maneuver

Fastener guide: nailing guide on panel face makes for convenient, easy installation on common joist spacing

Moisture-resistant edge sealant: red edge seal protects from moisture penetration

Moisture-resistant edge sealant: protect against fungal decay and termites

Indoor air quality: contains no added urea-formaldehyde resin (NAUF)

ZB TREATED

ASK ABOUT ZINC BORATE TREATMENT FOR HUMID CLIMATES AND TERMITE DAMAGE.

COMMITTED TO SUSTAINABLE FOREST MANAGEMENT.

We manufacture our products from renewable, recyclable and biodegradable resources, and our practices are guided by our Forest Management Principles and Environmental Policy. We also adhere to globally-accepted Sustainable Forest Management (SFM) and Chain of Custody (CoC) standards.
