

DOUGLAS FIR LUMBER

With state-of-the-art lumber operations throughout Western Canada, Tolko is equipped to produce Douglas fir lumber for customers around the world.

Consistent Supply

Tolko is strategically positioned to access a consistent supply of Douglas fir fibre for our stud and dimension mills.

Dry Douglas fir Production

Tolko's mills produce dry Douglas fir lumber which out performs green fir and is more structurally stable.

International Standards

Douglas fir MSR lumber is tested with equipment calibrated to international standards to meet the needs of our customers around the world.

Uniformity and Strength

Builders choose Douglas fir lumber for the uniform appearance and superior strength-to-weight ratios.

Committed to Service

Tolko's commitment to quality is evident in more than our lumber products. It's clear in our dedication to helping our customers grow their business with dependable products and innovative solutions.

Our free [Tolko Product Guide](#) app is available for download. Set yourself up for success by finding the best Tolko lumber, plywood, OSB, and EWP products for each application.

CONSISTENT PRODUCTS. DEPENDABLE SUPPLY.
