One mission across North America

Tolko's state-of-the-art lumber, plywood, OSB and LSL operations are located in the abundant forests of Western Canada and extend into the Southern Yellow Pine forests of the United States of America.

Logistics excellence

Tolko has a flexible and reliable logistical network to provide high levels of service. We work closely with our mills, reload facilities, trucking companies and shipping carriers to ensure that our wood products are delivered on time throughout North America and beyond.

T-LINK Product Distribution Network

With the expanding T-LINK™ Product Distribution Network, our trusted Tolko products are already in your neighborhood and ready to ship.

We use our extensive network to mitigate logistic disruptions and ensure your orders arrive on schedule.

Green building standards

We work to balance environmental, social and economic performance through our policies, principles and actions.

Tolko products earn the certified wood credit under these standards through our Sustainable Forest Management (SFM) certifications (CSA and SFI) that fully qualify under the LEED standard via the LEED Alternative Compliance Path process. In addition, our panel products qualify for incremental LEED credits under the low emitting materials requirements.
