

## WORLD-CLASS TIMBERS FOR THE WORLD'S MARKETS

At Tolko, we've built our reputation on quality products, customer commitment and an unwavering integrity in all that we do. We strive to partner with our customers, building long-term relationships and helping fuel their ongoing success. We focus on making it easy for our customers to do business with us, providing product quality and consistency and delivering the goods on time, every time.

### TOLKO TIMBERS

Tolko sells quality timbers to the oil and gas industry, rail, timber-frame construction companies, bridge builders and remanufacturers. Grown and harvested in inland British Columbia, these timbers feature tight-grain fibre, with impressive structural strength, as well as natural beauty.

With the recent addition of new state-of-the-art equipment that cuts larger timbers, we offer a broader range of timbers than ever before.

Our new head rig results in accurate sawing, helping customers avoid the need to re-size the timbers to meet their specifications. It also has the capability to recover more lumber and timber from each log, yielding higher-value products from each log, optimizing our natural resources.

The equipment upgrades have allowed us to better serve the demand for our timbers in domestic and international markets.

## TOLKO TIMBERS

<b>Available Sizes</b>	3x3 to 12x12, custom sizes available upon request

## SUSTAINABLE FOREST MANAGEMENT

We manufacture our products from renewable, recyclable and biodegradable resources, and our practices are guided by our Forest Management Principles and Environmental Policy.

We also adhere to globally-accepted Sustainable Forest Management (SFM) and Chain of Custody (CoC) standards.

## COMMITTED TO OUR CUSTOMERS

At Tolko, our commitment to quality is evident in more than our timbers. It's clear in our dedication to helping your business thrive.

We connect globally with our customers to create strategic partnerships, delivering consistent quality, superior service and unmatched integrity. It's how we've built lasting relationships since we opened our doors 60 years ago.

Our free [Tolko Product Guide](#) app is available for download. Set yourself up for success by finding the best Tolko lumber, plywood, OSB, and EWP products for each application.
