## OSB TRANSPORT FLOORING PRODUCTS

### T-STRAND™ Pro OSB RV Flooring

Made with aspen fibre, T-STRAND offers exceptional fastening and workability, with split-resistant panel edges. Manufactured with moisture-resistant resins, our OSB RV flooring features our Blue Edge Seal, which further protects against swelling. For quick installation and fewer seams, we offer special sizing, including convenient, oversized panels.

The air quality in your RV is of the utmost importance. To make sure your RV remains a healthy place to reside, we guarantee no added urea-formaldehyde, a common and hazardous indoor air pollutant. T-STRAND OSB products meet HUD regulations and are exempt from CARB ATCM for Formaldehyde from Composite Wood Products and EPA's TSCA Title VI Standard for Formaldehyde from Composite Wood.

### T-STRAND™ OSB Cargo Trailer Floor

Cargo trailers have a tough job and Tolko's T-STRAND OSB Cargo Floor panels are built to work. This enhanced flooring is engineered for strength and durability and will support your trailer to the job-site, into the bush, and across the country.

T-STRAND OSB Cargo Floor panels provide a proven solution for trailer manufacturers. We start with Canadian Aspen wood fibre to produce superior OSB products that are lighter, more durable, and built to work. The fibre is cut into strands and bonded with moisture resistant resins to optimize the collective strength and consistency of the panel. T-STRAND OSB panels are pressed with intense pressure and temperatures to create a panel with low moisture content and a resistance to warping, swelling, and flaking.

## PLYWOOD TRANSPORT FLOORING PRODUCTS

### T-PLY™ Pro Premium Select Square Edge/CCPTS and T&G

Tolko's line of T-PLY Plywood products are preferred for the consistent cores and superior surface. Manufacturers of RVs, boats, cargo trailers, buses, vans, trucks, and other transport prefer T-PLY plywood products for the enhanced fastener holding strength. In transport manufacturing precision is key and there is limited capacity for deviation or adjustments. With T-PLY plywood, manufacturers are confident they have done it right the first time. Premium Select Square Edge/CCPTS is offered as well as T&G.

The top-quality surface of T-PLY makes it ideal for painted structural components and overlaid industrial applications. When you work with superior plywood, you finish with a durable frame and flawless interiors.

# TOLKO

Tolko is a family-owned company based in British Columbia, with 60 years of experience manufacturing a wide range of forest products. We have become a trusted manufacturer and valuable business partner for customers around the world. Our mills are focused on providing consistent quality and our sales team is dedicated to creating lasting relationships with our customers.

## CUSTOMER COMMITMENT

At Tolko, our commitment to quality is evident in more than our plywood products. It's clear in our dedication to helping your business thrive. From connecting globally with our customers to providing innovative solutions, we deliver consistent quality and superior service with unmatched integrity you can count on.

## BUILD GREEN WITH TOLKO

We manufacture our products from renewable, recyclable and biodegradable resources, and our practices are guided by our Forest Management Principles and Environmental Policy. We also adhere to globally accepted Sustainable Forest Management (SFM) and Chain of Custody (CoC) standards.

Tolko products earn the certified wood credit under **LEED** and **Green Globes** through our Sustainable Forest Management (SFM) certification and Sustainable Forestry Initiative® (SFI), which fully qualifies under the LEED standard via the LEED Alternative Compliance Path process. In addition, our panel products qualify for incremental LEED credits under the low-emitting materials requirements.

## SETTING THE STANDARD

Each of our T-STRAND OSB and T-PLY Plywood flooring products:

- ✓ Are backed by industry-standard limited warranties
- ✓ Are manufactured to exacting specifications from renewable, recyclable and biodegradable forest resources
- ✓ Are certified by APA - The Engineered Wood Association
- ✓ Contain no added urea-formaldehyde resin (NAUF)

 **WARNING**

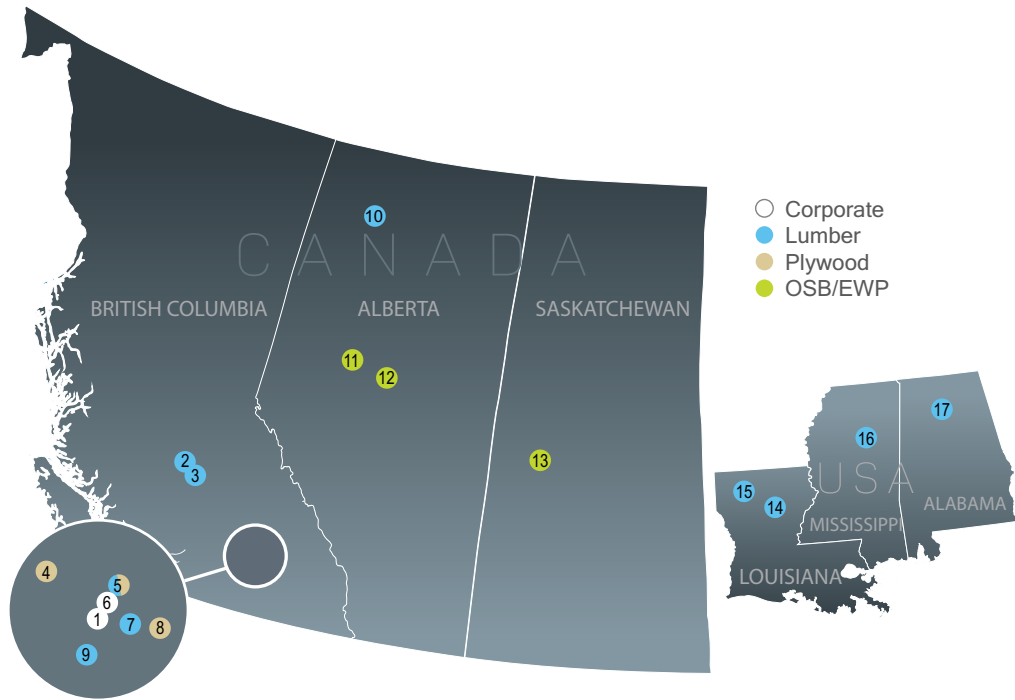

Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. For more information go to [www.P65Warnings.ca.gov/wood](http://www.P65Warnings.ca.gov/wood).

 **WARNING**

This product can expose you to chemicals including methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

# TOLKO OPERATIONS

Tolko's state-of-the-art lumber, plywood, OSB, and EWP operations are located in the abundant forests of Western Canada and extend into the Southern Yellow Pine forests of the United States of America.
