

TOLKO VISTA™ WESTERN RED CEDAR

Simply beautiful, naturally timeless.

The Tolko VISTA™ grade is awarded only to our products with the highest visual quality. This grade is your assurance that you're working with Tolko's finest.

TOLKO VISTA™ | WESTERN RED CEDAR

With state-of-the-art lumber operations, Tolko is equipped to produce our elite Tolko VISTA™ Western Red Cedar lumber for customers around the world.

Simply Beautiful

The Tolko VISTA™ grade is our highest appearance grade. With meticulous attention to detail and uncompromising standards, Tolko VISTA™ Western Red Cedar is simply beautiful.

Consistent Supply

Tolko is strategically positioned to access a consistent supply of Western Red Cedar fibre for our dimension mill in Lavington, British Columbia.

Properties

Western Red Cedar from British Columbia is a soft, straight-grained wood. It is extremely resistant to decay and insect damage and provides sound resistance by absorbing noise.

Performance

Western Red Cedar has a high tolerance for damp climates and is resistant to shrinkage, swelling, warping and decay making it an excellent choice for exterior applications like fences, decks and siding.

Committed to Service

Tolko's commitment to quality is evident in more than our lumber products. It's clear in our dedication to helping our customers grow their business with dependable products and innovative solutions.

TOLKO LUMBER MILLS
