

CONSISTENT strength, CONSISTENT quality.

With a superior surface and high strength to weight ratios, T-PLY Pro CCPTS is the industrial user's new standard for Douglas-fir plywood. It provides a smooth, solid repaired face and is certified to PS-1 standards by the APA so you know you're getting the best panel by panel, lift by lift and order by order.

APPLICATIONS

T-PLY Pro CCPTS is well suited for use as a substrate for both high and low pressure laminates, appearance grade liners, and soffit stock. The consistency and quality across each panel allows users to cut them into precise components which can be sold at retail stores as an alternative to regular sanded grades.

- ✓ **Full Sand Face:** Available on both sides, the full sand face has a fine grit suitable for painting and laminating.
- ✓ **Solid Face:** This solid face has small voids filled with a solvent free latex-based putty.
- ✓ **High Strength to Weight Ratio:** This panel has a high strength to weight ratio so you can be confident with the panel without adding extra weight to the project.
- ✓ **Exterior waterproof glue:** The exterior waterproof glue gives users the flexibility to work in any weather conditions without sacrificing the quality of the panels.
- ✓ **C Grade or Better Inner Plies:** T-PLY Pro CCPTS gets strength from its core of C grade or better inner plies and back.

Our free [Tolko Product Guide](#) app is available for download. Set yourself up for success by finding the best Tolko lumber, plywood, OSB, and EWP products for each application.

Available Panels

Thicknesses	Sizes
11/32"	4'x8'
15/32" *	2'x8'
19/32"	1'x8'
23/32"	4'x4'

* Available in 4 Ply or 5 Ply.

- ✓ **APA Certified:** T-PLY products are structurally certified to PS-1 plywood standards.
- ✓ **Low Formaldehyde N.A.U.F.:** Less than 0.01 ppm using ASTM large chamber method.
- ✓ **Sustainability:** T-PLY products come from sustainably managed forests - PEFC Chain of Custody.
- ✓ **Eligible for LEED® and GreenGlobes™ credits:** Contact Tolko to find out how you may be eligible for credits.
